

# YOUR MACHINERY AND EQUIPMENT SPECIALISTS

Industrial Loss Consultants provides technical machinery & equipment loss consulting to the Insurance, independent adjusting, and legal industries. ILC can inspect and determine Cause of Loss, Equipment ACV/RCV evaluations, and offer options to restore to pre-loss condition. ILC can also determine timeframes and costs as well as offer project management services.

## BUILDINGS

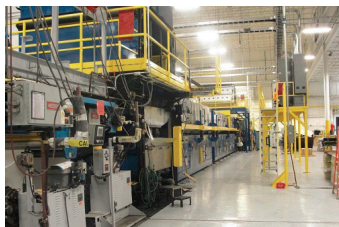

- HVAC
- Elevator Systems
- Boilers
- Generators
- Lifts
- Fire Suppression Systems

## HEAVY MACHINERY

- Excavators
- Compactors
- Motor Graders
- Skid Steers
- Construction Equipment
- Forklifts

## MANUFACTURING

- Conveyor Systems
- Presses
- Automation Systems
- Benders
- Lathes
- CNC Milling Machines

## PRINTING & PACKAGING

- Web and Sheetfed Presses
- Bindery Equipment
- Die Cutting
- Corrugated Box Machines
- Packaging Printing Presses
- Dryers

## HEALTHCARE

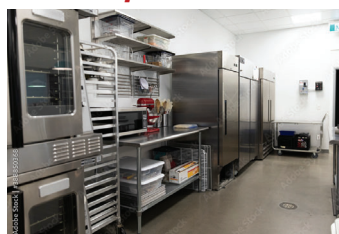

- Dental Equipment
- MRI Machines
- Imaging Equipment
- Microscopes
- Measuring Devices
- Scales

## ELECTRICAL CONTROL SYSTEMS

- AC/DC Drive Systems
- Operator Control Systems
- Control Stations
- Programmable Logic Controllers
- Electrical Control Motors
- Variable Frequency Drives

## FOOD/RESTAURANT

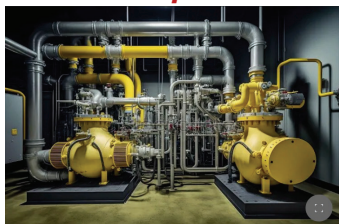

- Cookers/Ovens
- Mixers
- Heat Tunnels
- Chillers/Freezers
- Dispensing Equipment
- Cooling Systems

## AVIATION

- Dynamometers
- Ground Station Equipment
- Flight Simulators
- Aircraft Electronic Systems
- Satellites
- Engine Test Stands

## ENERGY/POWER DISTRIBUTION

- Turbines
- Generators
- Distribution Transformers
- Semiconductors
- Substations
- Panelboards

## AGRICULTURE EQUIPMENT

- Tower and Batch Dryers
- Combines/Pickers/Harvesters
- Balers
- Log Skidders/Tenders and Trailers
- Augers
- Dairy Process & Storage Equipment
- Splitters
